

The One Minute Christian (Church Renewal Series Book 1)

This remarkable and prophetic glance at a congregation of the future extends the authors thinking about the universal pertinence of Jesus approach to reality. Read the sample and if you are hooked buy the book. There is an afterword that gives the context for this thinking in early and later works by the author. Stephen C. Rose (1936-) was born in New York City and raised there. He currently lives there. His first books *The Grass Roots Church* and *Whos Killing The Church* established him as a prominent critic of American Protestantism and American religion. He was and remains a civil rights activist. He has interviewed and done in depth pieces on Saul Alinsky and Martin Luther King, Jr. He won awards for editorial courage and for two documentary films. He has written and published many songs and musical works including *We Are All Americans*. During the late 90s and early 2000s he worked for UN agencies, most recently editing *CHOICES Magazine* at UNDP. Since 2000 he has written several books for distribution via Kindle. He is currently engaged in a major work on Twitter called *Triadic Philosophy*. With over 1500 statements and aphorisms, it bids to become an influential force in forming the consciousness of this century.
