

Hack Your Language Learning: The Simple Starter Guide for Beginners on How to Learn and Remember Any Language

Never learned a foreign language before? Tired of paying for language classes and just forgetting everything within a few weeks of the class being over? Are you still unable to speak a foreign language confidently after years of classes? Time to stop wasting your money on classes which go nowhere. Heyse was doing this for years, until he started studying more effectively. He went from speaking only a single language to speaking five languages.

This book covers the essentials of what you can do to improve your language learning today. Discover the techniques that no language class has ever taught you. These techniques can help you memorize new vocabulary and grammar quickly and remember it forever. They will also help you with being able to speak a new language with confidence.
