

## Patently Christmas

Christmas lovers have a new reason to rejoice! Building on the exhaustive U.S. Patent Office research that spawned the cult classics *Patently Ridiculous* and *Patently Erotic*, Richard Ross presents a collection of yuletide patent applications—some puzzling, some insane, all hilarious. Like its predecessors, *Patently Christmas* provides a fascinating glimpse into what happens when creativity, capitalism (and perhaps a small dose of delusion) collide. Extensively illustrated with the inventor's own diagrams, *Patently Christmas* is the perfect stocking stuffer, filled with new and wacky takes on time-honored Christmas traditions.
