

A Quick Guide to Procurement (for non Procurement People) (That Consultant Blokes Quick Guides Book 2)

Procurement done well makes a great contribution to business success, but to many people within the organisation it can be just a pain in the neck. I have worked in sales, procurement, IT and operations over the years and have seen the problem from all sides. In this book I try to demystify what procurement is all about, take you through how it should work and give some thoughts on how to make it work.
