

## Stoopid

Best friends Ed & Bo are a pair of irresponsible high school seniors who always ... have the munchies. Their world is rocked when they learn they are one credit short of graduating. In the process of earning this final credit, they accidentally create a brilliant business. Now, they have to balance their evolving social status, a growing company, their teenage hormones, and Eds love of Bos sister. Do they have enough brain cells left to grow up? Stoopid is a six-book series from EPIC Press.
