

# Building Effective Technical Training: How to Develop Hard Skills Within Organizations

Building Effective Technical Training is a hands-on guidebook written by William J. Rothwell and Joseph A. Benkowski- two experts in the field of technical training- that includes a wealth of information, guidelines, and suggestions for creating and implementing technical training programs for organizations of all types and sizes. In addition, the book is filled with real-life examples and proven techniques from successful technical trainings and includes the authors own lessons learned from professional lives dedicated to training.
