

Centering Moments Vol 1

Often there is not enough time in one day to do all that is required in our super high-tech, Facebook/Twitter, microwave society. You may not have time for an entire meditation, but certainly a moment to center yourself daily, can fit into even the busiest of schedules. Centering Moments are timely and timeless. Centering Moments are enduring as well as eternal. Centering Moments are thought provoking, while unobtrusively observing, examining, and challenging when necessary, the traditional perspectives and paradigms of the Saints, the Ages, and the 21st century. Centering Moments provide the opportunity for the Self, the Soul, and the Secular, to connect, bond, and unite with the Sacred for just a moment and in most cases a moment is all that we need. Selah. Please enjoy your Centering Moment! It does not matter if you are alone with your thoughts and favorite beverage, (coffee, tea, water, etc.) or if you are with a family, friends, or colleagues, may you indeed find refreshment, enlightenment, and sustenance for your journey!
