Create a successful and fulfilling professional life with Business Success Hypnosis Compilation book, by Certified Hypnotherapist, Rachael Meddows. Within this collection, you will find hypnosis scripts for five different programs specifically designed for motivation, focus, and self-confidence that will help you on the path to a successful and fulfilling career: Create Your Own Opportunities Better Communication Be More Competitive: Winning Mindset Create Business & Career Success Stop Self-Criticism & Blame Your hypnosis compilation book can be used in several ways. It is designed to be both a resource for professional and trainee hypnotherapists, as well as for people who want to create their own hypnosis recordings (for personal use only). Each script is an easy-to-use guide that can be tailored to all different types of people, no matter your hypnosis experience. To explain a little more about the scripts themselves, there are three main parts to each script: the induction, hypnosis pattern, and endings. We have included both sleep and wake endings for each script for your convenience. The induction is a unique version of the standard staircase induction used by many professional hypnotherapists. The hypnosis pattern is unique to each program, tailored to specific topics.
